BMW 320i 2004y

silver salon full M3

The E46 was introduced in 1998 as a 1999 model, in saloon version only. In 1999, the station wagon ("touring") and coup models were added. The convertible and M3 were released in 2000. The E46 was available with four-cylinder and six-cylinder engines. All-wheel drive was introduced as an option in 2001 (for left hand drive markets only).
